ESSENTIALS OF HAZARDOUS MATERIALS MANAGEMENT

CHMM TEST PRIMER & 8-HR HAZWOPER REFRESHER

The Central Ohio Certified Hazardous Materials Managers is offering the “Essentials of Hazardous Materials Management” course. This class will provide a comprehensive review of environmental laws, regulations and applicable science/health topics designed to assist professionals in preparing for the CHMM exam. All individuals who have duties related to the management of hazardous materials, and environmental, health and safety responsibilities will benefit from this course.

The AHMP *Hazardous Materials Management Desk Reference*, 3rd Edition (three volume set) will be provided to registrants.

EHMM Course participants will receive a certificate of course completion to document their attendance. An 8 Hour HAZWOPER refresher certificate will also be provided to those who request it, but must fully attend the three day class.

The course topics include:

- Legal/Regulatory Framework
- Hazardous Materials Principles & Controls
- Chemical & Physical Characteristics
- Hazardous Waste Treatment, Storage & Disposal
- Hazardous Material Storage and Transport
- Radioactive Material Standards
- Workplace Safety
- Toxicology/Hazard Assessment
- Environmental Assessments
- Sampling & Analysis
- Geology & Hydrology

You do NOT need to be a CHMM exam candidate to take the EHMM Course. You do NOT have to take the EHMM Course to sit for the CHMM exam.

All testing is computer-based and is offered through the Institute of Hazardous Materials Management (IHMM). Refer to www.ihmm.org for more information on how to register for the CHMM exam and for testing center locations.

COCHMM reserves the right to cancel this course, and will provide full course fee refunds if canceled.
